

Mainship Motor Yacht

Make	Model	Length	Price	Year	Condition
Mainship	Motor Yacht	47 ft	\$ 139,900	1995	Used
Boat Name	Hull Material	Draft	Number of Engines	Fuel Type	
Isla Kay	Fiberglass	3 ft 10 in	2	Diesel	

They just don't make boats this nice any more. This boat is powered by Twin GM 671 TIB 485hp (with very low hours) two-stroke turbocharged, inter cooled fresh water cooled marine diesels. There is a digital depth indicator and an ICOM M125 Marine Transmitter. Hynautic type throttle controls with dual binnacle style control heads. Both props are bronze with 1.75' diameter. Stuffing boxes are packing glands are bronzed compression flange type. Fuel capacity - 600 gallons for both tanks. Engine room. Prior to entering the engine room thru a stand up door is a utility and work room. Here there is a washer/dryer combination, a work bench...

Manufacturer's Description

Most Motor Yachts are nothing more than high cube boxes styling is second to space, and utility is lost to accommodations. The New Mainship 47 Motor Yacht breaks the rules. Now there is a Motor Yacht that not only looks good, it performs well. Performance can be measured in speed, sea keeping abilities and durability. The Mainship takes performance one step further, Performance is measured on how well these yacht delivers its attributes to you, the owner.

The Mainship 47 Motor Yacht was designed and engineered without compromise. It is dedication to delivering overall utility to its owner in sumptuous comfort in the standard to which Motor Yachts will aim for in the future. The Mainship design team started with a fresh approach to design this yacht in the way owners want to use their boats not the way most builders want to construction from the keel up, this yacht is dedicated to its owners.

The latest in technology and materials were combined in construct the strongest and most durable yacht afloat. The marine systems from the trim tabs to the radar arch were systematically thought out, researched and sourced to provide the best in boating. The machinery spaces were designed and engineered for ease of maintenance and practicality interior layouts follow the functionality of a yacht this size.

The galley, for example, is aft in the salon, so traffic is kept down and access is maximized. Durable, but elegant, materials are utilized not only in the galley but throughout this yacht. Cherry and Teak, Corian, and brass compliments the rich carpets, fabrics and ultra suede headliners. Thoughtful touches such as a dishwasher, washer-dryer and complete entertainment center are all standard, as are televisions and VCRs in each stateroom.
